Movie Maker Instructions for EC1 Module 3

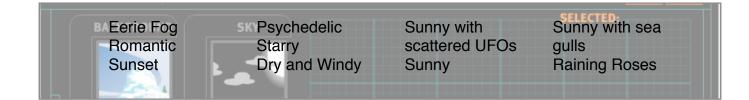

You need to create 3 scenes in your movie. You will repeat the steps below 3 times. Each scene needs a setting, a plot, a cast, dialogue, and background music.

## 1. Choose a setting

1a. Select a background from the following options:

Switzerland	CT A BACKGROUND & A S Ireland	KY Costa Rica	Terrytown, New
Bubble bathund	New York City	Death Valley	York
Cabin	apartment	Silverlake,	Burning Man,
Caribbean	Cruise ship deck	California	Black Rock City
Spaceship Bridge	Seattle,	San Francisco,	
	Washington	California	

1b. Select a sky from the following options:

2. Select a plot from the following options:

			SELECTED:	
rendezvous	pick up	chase	soliloguy	
(2 characters)	(2 characters)	(2 characters)	(1 character)	
	z-vous	· · · · · · · · · · · · · · · · · · ·	······································	

3. Select a cast member from the following options:

Movie Maker Instructions for EC1 Module 3

4. Copy and paste your script from your worksheet into the dialogues boxes.

5. Select background music from the following options:

6. Add a new scene. Repeat the process until you have 3 scenes.

ACOUSTIC -GUITAR	01	1 I I I I I D2	03	1101
		J	ADD NEW S	SCENE >

7. Finish the movie by adding a title design and pasting in the movie credits. Email it.

/ SELECT MOVIE TITLE I	DESIGN		<u>M</u> J
/ TITLE DESIGN		Some Chars May Not Work in All Titles	SELECTED:
	MOVIE TITLE:	YOUR TITLE HERE	
	DIRECTOR'S NAME:	YOUR NAME	

	Advice for EC1 screenwriters, directors, and producers
ত্রের্বের্বের্	make a plan so that your movie has a beginning, middle, and end think about suitable roles for the actors and actresses make sure the characters have good dialogue make sure the setting, plot, and music are suitable for each scene have fun, create, learn something new, tell a good story if you have a problem, get help as soon as possible
